DOHAT AL-SAKBIYA

INTRODUCTION

Vision

To be the leading provider of quality construction and engineering services in the Sultanate of Oman.

Mission

To form long-term relationships of value with our clients and partners by using quality construction and engineering solutions and employing the best resources and latest techniques.

Objective

DAOS aims to provide the highest possible standard of quality and service in the construction industry, giving Clients the best satisfaction the Company can offer. Dohat Al Sakbiya Oil Services & Trad. Ent. LLC [DAOS] is one of the earliest large state-owned construction enterprises in Muscat, Oman and a first-class general construction contractor approved by the Ministry of Commercial & Industry from Al Dhakhliya Region, Wilayat Adam. Dohat Al Sakbiya Oil Services & Trad. Ent. LLC is qualified to engage in the business of external contracting, foreign trade and export of labor service with licenses granted by the Ministry of Commerce under GRADE 01. We have established our operation in all parts of Sultanate of Oman under Civil, Electrical & Mechanical disciplines. DAOS confirm capability of carrying out all the works listed below with an excellent manpower capacity. DAOS strongly believe in providing best quality of service to our valued clients under safe methods and in healthy environment. DAOS has a distinct culture with an enduring set of values that bind the firm together in project execution on the basis of all-round excellence. DAOS encourage multinational professionals of diverse disciplines to work together to deliver exemplary projects of the highest quality.

DIRECTOR'S MESSAGE

Dohat Al Sakbiya Oil Service & Trad. Ent. LLC is a major participant in the Sultanate construction industry via its activities in a diverse range of construction and engineering related fields. The company is one of the largest civil engineering, roadwork, and drainage in the Sultanate and also offers clients the focus and expertise of specialist scaffolding & formwork, interiors and plant divisions.

DAOS is qualified to engage in the business of external contracting, foreign trade and export of labor service with licenses granted by the Ministry of Commerce under GRADE 01. We have established our operation in all parts of Sultanate of Oman under Civil, Electrical & Mechanical disciplines. DAOS confirm capability of carrying out all the works listed below with an excellent manpower capacity.

Teamwork is an essential part of the DAOS culture, guided by Project Managers and upper management officials who display outstanding commitment and personal involvement in the successful execution of our major projects. From the ground up, the expertise of our people ensures a sustained performance that will continue to carry us forward in the future.

HEALTH, SAFETY & ENVIRONMENTAL POLICY

Obligations

Management is firmly committed to a policy enabling all work activities to be carried out safely, and with all possible measures taken to remove (or at least reduce) risks to the health, safety and welfare of workers, contractors, authorised visitors, and anyone else who may be affected by our operations.

Responsibilities

Management

safe working environment

safe systems of work

plant and substances in safe condition

facilities for the welfare of workers

information, instruction, training and supervision that is reasonably necessary to ensure that each worker is safe from injury and risks to health

a commitment to consult and co-operate with workers in all matters relating to health and safety in the workplace

a commitment to continually improve our performance through effective safety management.

Workers

- comply with safe work practices, with the intent of avoiding injury to themselves and others and damage to plant and equipment
- take reasonable care of the health and safety of themselves and others
- wear personal protective equipment and clothing where necessary
- comply with any direction given by management for health and safety
- not misuse or interfere with anything provided for health and safety
- report all accidents and incidents on the job immediately, no matter how trivial
- Report all known or observed hazards to their supervisor or manager.
